GUARDSMEN IN FINAL DAY OF FIELD TRAINING

Adams county's Troop A of the 104th Mechanized Reconnaissance squadron today underwent its final day of field training of the two-week non-divisional encampment of the Pennsylvania National Guard at Indiantown Gap.

The local men will break camp Saturday and today's operations consisted mostly of policing the area, getting their weapons and equipment in shape and preparing for the trip in jeeps, armored cars and half tracks to Gettysburg Saturday.

Thursday the local National Guardsmen took part in an attack on the new artillerymen of the National Guard, a demonstration that for realism equalled the training of war-time days.

New Experiences
Members of the troop, firing blanks from their 37 millimeter guns and sub-machine guns and other weapons went slashing into point blank attack against the 105 mm. howitzer battalion Thursday afternoon.

The attack gave the artillerymen a new experience. They were firing, as is customary with the artillery, at targets several miles away when the 104th, without warning, came into view of the artillery, from behind a hill about 600 yards from the big guns. The artillerymen lowered their guns to point blank range and soon found they were being called upon to also use their smaller weapons. When the 104th, of which the local troop is a component part, got within a few hundred yards of the big guns, machine gunners leaped out of the tanks and armored cars and charged right up to the guns under the protection of the tanks. Meantime a liaison plane dropped paper bags filled with flour on the artillerymen to simulate air attack at the same time.

The "battle" Thursday, was one of a number of similar simulated battles in which the squadron took part. Tuesday night at 10 o'clock the local troop was attacked by an "enemy" group made up of members of Headquarters Troop of the 104th.

"Battle Report"
A report by a member of the local troop reveals details of that battle: "Last night at 10 o'clock Troop A was showered with flares shot from mortars. This started an hour-long battle between the squadron and headquarters troop. The flares provided light by which the enemy could see to fire its machine guns and smoke bombs. The enemy was finally forced to retreat as the siren ended the mock battle. During the battle all radios remained silent but runners from each troop stood by to carry messages. A recording of artillery fire was played on the opposite side of the troop to draw our fire while the enemy got into position to fire. The machine guns used blank ammunition with adapters inserted into the barrels. While this was going on a plane circled overhead preparing to bomb the squadron."

Later today (Wednesday) the troop broke camp and washed all vehicles in a nearby creek. After washing them they parked them in the motor park clean as when they were brought to camp. This is said to be one of the most successful bivouac periods ever held in this camp. The timing of all actions was almost perfect.

Cook "Taken Prisoner"
"About 2100 Leonard Zepp, a cook from Littlestown, was returning from the barracks to bivouac area when stopped by the enemy and taken prisoner. After being taken he was fed, given a blanket to sleep on and was released at 2200. After being released Zepp and other prisoners were trailed and almost captured again. A barn saved them from being seen. He returned to the mess truck after this hectic experience."

Harpster Back From Vacation

Chief of Police Robert C. Harpster was back from his vacation today, Burgess C. A. Heiges said, although he added that he had not seen him yet, but expected the chief to resume his duties "in a day or two."

The burgess said he had "a few more days" vacation due, but did not think Harpster was going to take them at this time.

SOUTHEASTERN P.A. FIREMEN GATHER HERE

William G. Weaver, vice president of the Gettysburg Fire department welcomed several hundred members, delegates and guests of the Firemen's Association of Southeastern Pennsylvania at the quarterly meeting of the association held Thursday night at the engine house here. He paid tribute to the founders and to those who have carried on the work of the organization to make it one of the outstanding units of the state association.

James W. Dougherty, Mechanicsburg, vice president of the association, responded to the address of welcome. Charles D. Troutman Lebanon, president, was in charge of the business session.

Ellis Wagner Talks

L. Ellis Wagner, chairman of the executive committee, reported on improved methods on confirmation of deceased members eligible for death benefits and the total worth of the association in stocks, bonds and bank certificates. The committee also recommended that \$300 be invested in U. S. bonds.

A. S. Stouffer, Palmyra, fire marshal of Lebanon county, stressed the hazards of storing fresh cut hay without proper curing. Many recent fires have caused thousands of dollars in losses in many Pennsylvania communities, but many barns have been saved by the prompt work of local fire companies, he said.

Marvin A. Rahe, York, chairman of the credentials committee, presented a class of 10 applicants who were elected to membership in the association. Dr. William A. Wolf, Lancaster, chairman of the memorial committee, reported the death of Paul M. Funk, Chambersburg, and resolutions were adopted.

The second reading of proposed changes in the by-laws took place. Final action will follow at the October annual convention. Carlisle was selected as the site of the convention on October 20 with afternoon and evening sessions, when new officers will be elected and annual reports presented. The Carlisle fire department will be host and the meetings will be held in the home of Empire Hook and Ladder company.

The annual fire school scheduled for Lewistown next month will be the largest since its institution, and the program outlined has been broadened to include all angles of "The Game of Fire," it was reported.

Refreshments were served following the meeting by a committee headed by Past President George D. March, Gettysburg.

County Officials Are Touring 'Field

York, Pa., July 22 (AP)—Some 87 delegates to the annual convention of the Pennsylvania Prothonotaries and Clerks of Court association yesterday voted to admit their deputies as associate members.

Formal officials of the two posts also would be admitted under the resolution passed at the opening of a three-day convention.

Today, the delegates took a sight-seeing tour of York, Hanover and the Gettysburg battlefield and had luncheon at the Hotel Gettysburg.

Soroptimists Plan Outing On July 26

The annual picnic of the Soroptimist club will be held Thursday, July 28, at the Gettysburg Country club, it was announced today. Supper will be served at 6 o'clock. Members are requested to bring their own table service. Reservations should be made with Mrs. George F. Eberhart not later than Tuesday, July 26. There will be no guests.

Good Samaritan Club Opens Camp Monday

The Good Samaritan Hunting and Fishing club, one of the oldest organizations of its kind in Adams county, founded about 1896, will open its annual two weeks' outing at the clubhouse at the junction of Rock creek and Marsh creek Monday, members said today.

About 35 members are expected to spend all or part of the next two weeks at the camp. Extensive improvements have been made recently. Dangerfield Mitchell and Norman Washington will be cooks at the camp. Charles W. Myers, Chambersburg street, is the oldest charter member of the club.

Driver Dozes And Truck Hits Baler

A truck driver fell asleep at the wheel of his vehicle and crashed into the rear of a baler drawn by a farm tractor, at 4 o'clock Thursday afternoon on the Lincoln highway two miles west of Gettysburg.

State police of the Gettysburg substation, who investigated the accident, said that Thomas E. Negley, 21, of Shippensburg R. 1, was the driver of the truck who "dozed momentarily" at the wheel. Paul Settle, 43, Gettysburg R. 3, operating the tractor, was thrown off, but escaped injury, police said.

Both vehicles were going west. Damage to the baler and tractor was estimated at \$2,000, and to the truck at \$300. Investigation is being continued.

TO HOLD FOOD SALE

A food sale will be held in front of St. Paul's AME church, South Washington street, Saturday evening at 7 o'clock by the trustees of the church. The Rev. J. O. Fountain, pastor of the church, said the sale is being held as part of a program to raise funds for repairs to the roof of the church. The church will present a program of music Sunday evening at 7:30 o'clock when the "King Men," a chorus of 20 voices from Chambersburg will sing. The Rev. Mr. Fountain will speak on the theme "Joy in Heaven" at the 11 a. m. service Sunday and infant baptism will be conducted during that service.

This highly controversial plan calls for more than a billion dollars' worth of arms during the next 12 months. Mr. Truman was scheduled to send Congress a message on it shortly.

Original plans had called for the President to submit the program today. But an administration source reported that some delay had developed and the message would not be ready today.

The President's proposal was expected to provide a bar against giving the Europeans atom bombs. It was understood the administration bill would specify that nothing in it would supersede the Atomic Energy Act, which forbids release of atomic explosives.

TWO SUITS FOR DAMAGES FILED

Two actions in trespass growing out of an automobile accident at the intersection of the Gettysburg-Harrisburg road and the Heidlersburg-East Berlin road on November 5, 1947, were filed at the office of the prothonotary in the court house this morning.

The plaintiff in one action is William F. Daniels, Middle Paxton township, Dauphin county, who is seeking \$50,000 for injuries sustained when an automobile in which he was riding and a bus owned by the Wolf bus line, York Springs, collided.

Driver of the automobile was Benjamin G. Eynon, Harrisburg, who seeks damages in a separate bill of particulars in which he is joined by his wife, Ida L. Eynon, who also asks damages.

Driver of the bus was Wirt Emlert, who was proceeding east on Route 234. The complaint alleges that Emlert failed to stop for a stop sign. Daniels, Harter and Swope, Harrisburg law firm, represent the plaintiffs.

Overwhelming Approval Of North Atlantic Pact Given By Senate; Arms Issue Next

Washington, July 22 (AP)—The White House announced today that President Truman will send to Congress Monday a proposed program of foreign military aid to back up the Atlantic Pact. Vice President Barkley said it will be pressed for passage at this session.

Barkley, who attended a cabinet session at the White House, said the administration hopes to pass both an authorization bill and an appropriation to finance the arms program before it quits around September 1.

Washington, July 22 (AP)—Overwhelming Senate approval of the North Atlantic Treaty cleared the way today for President Truman's formal request that America help its European Allies.

This highly controversial plan calls for more than a billion dollars' worth of arms during the next 12 months. Mr. Truman was scheduled to send Congress a message on it shortly.

Original plans had called for the President to submit the program today. But an administration source reported that some delay had developed and the message would not be ready today.

SPORTSMEN OPPOSED TO DOE HUNTING

The Adams County Fish and Game association, meeting Thursday night at the South Mountain Fair Grounds, went on record as opposing the planned open season on doe this year and will seek to have other sportsmen's groups in the county join it in its stand when the regular meeting of the Adams County Federation of Sportsmen's clubs is held next Wednesday at East Berlin.

Donald Weikert, who represents the local fish and game association on the county federation, said today that a petition containing over 3,000 signatures will be necessary to close Adams county to doe hunting this year and the local fish and game group feels it will be impossible to secure all the needed signatures without the aid of all of the sportsmen's associations in the county. Weikert and other officials of the fish and game group will make the plea for assistance at Wednesday's session. Such petitions need the signatures of over one-half of the hunters in a county. Adams county has over 6,000 licensed hunters.

The grounds for training dogs rented from Mrs. J. E. Fleck are now ready for operation and any member of the Adams County Fish and Game association can take his dogs there at any time for training. It was announced at Thursday's meeting. The 140-acre training area is now being posted. Game has been placed and all is in readiness for training, the report showed.

To Inspect Dams

Committees were named to view the White Run dam between here and Bonneville and the Knoxlyn dam to determine if they need any repairs and to report back at the next meeting. Named to the committee to view the Knoxlyn dam were Ross King, Allen King and Jack Cease. Named as the committee to inspect the White run dam were Richard Golden, Clyde Topper and Ernest Kranias.

Reports presented at the meeting show the association is having "good luck" with its ring neck pheasant raising program. Only 38 of the 380 pheasants being raised have been lost so far. The chicks are now five weeks old.

The report of the treasurer showed \$2251.36 in the treasury of the organization. The next meeting will be held in Gettysburg, August 18.

To Pick Gettysburg Horseshoe Champion

William Yingling and J. Edward Kerrigan will meet at 7 o'clock this evening in a seven-game series to determine the horseshoe pitching championship of Gettysburg.

Kerrigan won the title several years ago and has not been bested as yet. Yingling is the latest to challenge Kerrigan and the contest will take place on the Gettysburg Horse Shoe pitching court on East Middle street starting at 7 o'clock.

A game between the Kerrigan paint shop team and Huntertown will be held at 9 o'clock under the lights at the court.

Kerrigan, who is head of the local Horseshoe club, today announced that all those interested in horseshoe pitching and in the formation of a local league should see him either at his home, or at the horseshoe court.

VFW Auxiliary Gives \$10 To Free Library

The regular meeting of the Ladies Auxiliary of Post 15 of the Veterans or Foreign Wars was held Tuesday evening. Ruth M. Miller, president, presided. A donation of \$10 was made to the Adams County Free Library association.

Miss Irma Keefe, delegate to the state convention of the Ladies Auxiliary, July 7-9 in Philadelphia, made a report. The Auxiliary members have extended their appreciation to all those who helped in making the Purdy Products drive a success. Mrs. Virginia Lawver was chairman.

Mrs. Sue Cromwell and Mrs. Grace Hartman won the drawing for the Merchandise club.

GUESTS OF YORK GROUP

Approximately 30 members of the Adams County Senior Extension club were guests of the York County Senior Extension club on Thursday evening when an ice cream demonstration was held at the home of Donald Lonius, York R. D. Three different variations of vanilla ice cream were made and sampled by the group.

CAR ON FIRE

An automobile owned by Reuben Thompson, Annistown, S. C., caught fire on West High street just off Baltimore street at noon today. Gettysburg firemen were called but the fire was out when they arrived. There was no damage, firemen said.

TOWN HAS NO HEALTH BOARD

Five new members of the borough health board will be appointed or some of the present members re-appointed at the next meeting of the borough council, Burgess C. A. Heiges said today, after it was learned that the terms of office of all of the members of the board had expired.

Members of the board are George T. Raffensperger, Dr. Roy W. Gifford, Dr. Walter S. Mountain, Richard A. Brown and Lester Scott. Terms of some of these members expired some time ago, according to the burgess, and there has been no legally constituted board of health. No meetings have been held in some time, he said.

Erie R. Deardorff, health officer and secretary of the board, has not resigned, as it was intimated at the last borough council meeting that he might do, the burgess said. His term expires at the end of the current year, Heiges added.

The next regular meeting of the borough council is scheduled for August 1.

DR. REX GOING TO DAYTONA BEACH

The Rev. Dr. W. F. Rex, Oak Ridge, has accepted the position of associate pastor of the Resurrection Evangelical Lutheran church, Daytona Beach, Fla., the congregation of that church announced today.

Doctor Rex has sold his home on Oak Ridge and is leaving for Daytona Beach Tuesday. He will assume his new duties at the Resurrection church on July 31.

The Rev. Oscar W. Houpt, pastor at Resurrection church, is planning to return to the U. S. Navy for active duty for several months and as a result the Rev. Mr. Rex will be in charge of all pulpit and pastoral work during the first several months of his work there.

Doctor Rex has resided for the past eight years on Oak Ridge here, moving here after he had retired for a time from active ministry, although he continued as a supply pastor for various churches while living here. His last previous pastorate was in Pittsburgh and before that for many years he served various churches in the middle west.

He has secured an apartment at 401 South Ridgewood avenue, Daytona Beach, and will reside there. The church is located at North Ridgewood and Fairview avenues in that city.

ESSAY WINNERS TOURING 'FIELD

Five West Virginia students who won top prizes in an essay contest on "Freedom" sponsored by the People's Federal Savings and Loan Association of Wheeling, W. Va., today visited the Gettysburg battlefield as part of the tour that was given with the top prizes.

The youngsters were picked as the writers of the best essays out of over 1,000 entrants. The tour began last week in West Virginia and included a visit to Washington where they were met by Vice President Barkley and were guests at a reception by Attorney General Tom Clark, among other activities. In West Virginia they were guests of the governor and each acted as governor of the state for a few minutes. They visited Valley Forge and Philadelphia and from there came to Gettysburg Thursday evening, spending the night at the Hotel Gettysburg. Today they toured the field and then continued on to Mercersburg and Harpers Ferry.

The essay was based on a motion picture "Our Heritage" put out by Readers Digest. The youngsters were accompanied on the trip by Alex Salvatori, president of the Wheeling bank, and others of the contest staff. The winners included Miss Sue Stanchina, Wheeling; Miss Carolyn Kuecher, Wheeling; Howard Cooper, Sherrard; Robert Dragisich, Follansbee, and Miss Mary Agnes Lovinski, Wheeling.

Heroic Engineer Saves 150 Lives

Montebello, Calif., July 22 (AP)—A heroic engineer who brought his streamliner train through a seething wall of flames is near death today.

The driver of the gasoline truck hit by the train died last night. He was Harry C. Heaton, of Bell, Calif. The engineer, H. E. Byers, 55, Las Vegas, Nev., was credited by officers with saving some 150 passengers by staying at the controls and rolling the Union Pacific's "City of Los Angeles" through the flames, which roared several hundred feet high as the 7,300-gallon truck exploded.

Byers was burned critically on his arms and upper body. A second engineer, Edward M. Dennis, 45, Las Vegas, was burned less seriously. Before he died, the truck driver told sheriff's deputies that the truck's drive shaft apparently broke as it started to cross the tracks.

HOUSE DEFEATS ADMINISTRATION FARM PROGRAM

By EDWIN B. HAAKINSON
Washington, July 22 (AP)—A crushing defeat of its controversial farm plan set the administration to work today on salvage operations in the Senate.
With a powerful combination of Democrats and Republicans in control, the House late yesterday voted 239 to 170 to kill a proposed "trial run" of the farm subsidy plan of Secretary of Agriculture Brannan on eggs, potatoes and wool. The coalition was led by Rep. Gore (D-Tenn.), normally an administration follower. It triumphed despite a plea from Speaker Rayburn (D-Texas) to give the Brannan plan a try.
Instead, the House voted 383 to 25 to continue for another year the rigid wartime farm price supports at 90 per cent of parity. Parity is a computed price intended to give farmers a purchasing power in fair relationship to the cost of things they must buy.

Seek Compromise
Today Senator Elmer Thomas (D-Okla.), chairman of the Senate agriculture committee, indicated he hoped to turn the tide in the Senate, or at least gain a compromise.
Thomas said he will call his committee together to "see what we want to do with the House bill."
But while Thomas reflected some optimism for the Brannan subsidy plan, some other farm-minded senators foresaw defeat for it in the Senate too.
They said that a possible Senate-House deadlock may toss the whole issue into next year's political campaign while a flexible farm-price support program, enacted last year, becomes law January 1.

Repeal Is Voted
Repeal of this law, even before it goes into effect, was another action voted by the House yesterday, this one without a record ballot. It would allow levels of government price supports to decline if surpluses developed, but not require it.
Brannan's proposal was to allow market prices of milk, meats and other perishable foods to drop freely without support of government loans and purchases, and then keep farmers' incomes at fair levels by direct subsidies from the Treasury plus planting and marketing controls.
This plan was limited to the three-crop "trial run" in what proved to be an unsuccessful effort to overcome opposition in the House.

FORD WORKERS TO TAKE VOTE

Detroit, July 22 (AP)—Final moves are underway to enable the CIO United Autoworkers to pull the Ford Motor Co. production employees out on a wage strike. Michigan's Labor Mediation Board is preparing for a secret strike poll of the 75,000 Ford workers in this state.
A strike to back up current wage and contract demands—including \$100-a-month pension—already has been approved in a UAW-conducted vote among 106,000 Ford employees.
That poll showed that they are 7 to 1 in favor of a walkout, if necessary, although they were idle for 24 days in speed-up strike that shut down Ford plants in May. But the state balloting is necessary to comply with terms of Michigan's Bonine-Tripp labor law.
In other states, the strike vote conducted by the union is ample authorization for a walkout, and Ford workers may be called out by the UAW executive board at any time.
The UAW filed a 10-day strike notice with the mediation board yesterday, but said it would take no walkout action until the vote was completed. That may require three weeks, Board Chairman Noel P. Fox said. Once such a vote is taken, there will be no legal barrier in the way of a strike.

PETCHELL TO COACH

Connellsville, Pa., July 22 (AP)—Edward Petchell, 23, star back of the Pennsylvania State college football team, today was named head football coach at nearby North Union Township high school. Petchell, who lives at Easton, replaces Paul Stonko, who resigned. Stephen Purin will continue as basketball coach.

Accountant Quits Pennhurst School

Phoenixville, Pa., July 22 (AP)—Thomas F. Courtless, accountant at nearby Pennhurst State school, resigned today.

Courtless' resignation was announced by Guy W. Knauer, president of the board of the institution for the feeble-minded. Knauer, West Chester attorney, said Courtless gave no reason for his resignation, adding that it was submitted voluntarily.

At a June 29 meeting of the board of trustees accepted the resignation of the school's steward, Jesse G. Yeager and discharged the bandmaster, Paul Houser.

Courtless recently was criticized in a state auditor general's report on conditions at the school for the fiscal year ending May 31, 1948. This report, citing gross mismanagement, was made public just six days before the trustees forced the resignation of Dr. James S. Dean as superintendent. Dr. Dean resigned June 8.

Detective Stabbed By Deranged Vet

Scranton, Pa., July 22 (AP)—City Detective George Donaldson, 57, is in the state hospital with a four-inch wound in his abdomen received yesterday while trying to subdue a former veterans hospital patient.

Detective Capt. Edward Kelly said Donaldson was stabbed by Thomas J. Donahoe, Jr., 26, who had been released from the Coatesville Veterans' hospital some months ago.

Donaldson and two other detectives had gone to Donahoe's home to quell a disturbance, Kelly said. Donahoe was placed in a padded cell after being overpowered by Detective James Walsh and Carl Henry.

SEWER FUMES KILL WORKMEN IN PHILADELPHIA

Philadelphia, July 22 (AP)—Fumes killed four workmen at the bottom of a 25-foot sewer excavation in south Philadelphia yesterday.

One of the victims went to his death trying to help the other three. Two others, one an excavation worker and the other a city fireman, were overcome as they went to the rescue but were revived with oxygen.

The dead, all employees of the Driscoll Construction Co., were identified as: Warren Williams, 26, New York city; Thomas O'Connor, 49, Robert Davis, 42, and George Lewis, 39. Philadelphia addresses were given for three victims although authorities said Davis was from Brooklyn, and Lewis from the Bronx, N. Y.

O'Connor, Davis, and Lewis were working at the bottom of the pit when one of them yelled "gas." Almost simultaneously the three collapsed. One fell into about three feet of water which covered the pit bottom; the others into sitting positions with their backs against the pit wall, their heads out of the water.

Williams, carrying a rescue rope, started down into the excavation to the men. But before he reached the bottom he collapsed and fell from the ladder into the murky water.

Gas Type Unknown
Rescue squad members, using heavy-type masks, saved Russell Hunt, Jr., 20, a Driscoll employee, and Thomas J. McCann, 26, the fireman, who had gone after the four men.

Opinions varied as to what kind of fumes killed the men. Acting Battalion Fire Chief Edward Whalin said the gas was probably sewer or marsh gas.

Detectives thought the planks of the workmen striking through the clay soil had hit a pocket of natural gas and pointed to the fact that bubbles continued to rise through the dark water.

Washington, July 22 (AP)—Senator Mundt (R-S.D.) said today he now regards it as certain that President Truman's army aide, Maj. Gen. Harry H. Vaughan, will testify in the Senate investigation of "five percenters."

"Now that President Truman has said it is all right with him for Vaughan to testify, I consider it a foregone conclusion that he will be asked to appear and will accept," Mundt declared.

Washington, July 22 (AP)—Coal industry officials will lead off testimony Monday at the opening of the Senate Banking committee's investigation of Labor union practices.

Senator Robertson (D-VA), in announcing this, reiterated that the committee may propose legislation to "protect the public from labor monopolies" if the evidence warrants.

Nottingham, Eng., July 22 (AP)—A 20-year-old Pennsylvania Airforce private was convicted of involuntary manslaughter, by a court martial yesterday in the drunken-driving death of a Nottingham barmaid.

The soldier, Pvt. Frederick P. Grabowski of Scranton, Pa., was dishonorably discharged from the service and sentenced to five years in prison.

Wabech, Eng., July 22 (AP)—All 12 crewmen of an American B-29 Superfortress parachuted to safety last night before the big bomber crashed and burned near here.

Capt. G. A. Hart, public relations officer of the American Third Air Division in London, said a possible skull fracture suffered by the pilot and a fractured leg suffered by another crew member were the worst injuries. Names of the crew were not disclosed.

Millville Mayor Given Jail, Fine

Camden, N. J., July 22 (AP)—Simon Cherivitch, 34-year-old mayor of Millville today was sentenced to a year and a day in Federal penitentiary, fined \$5,000 and placed on five years' probation for income tax evasion.

Cherivitch, who also sells automobiles, was convicted on two counts June 17 after a five day trial in U. S. district court here. He was convicted of evading \$23,000 in 1944 and 1945 income taxes.

Cherivitch was indicted last March 9. The government charged he paid only \$1,325 on a \$9,850 income when he should have paid \$23,000 on a \$56,295 income.

Defense Attorney Gene Mariano, former Camden county prosecutor, told Judge Thomas M. Madden he would appeal the case and asked for bail for Cherivitch. Judge Madden said he would set bail at \$5,000 when Mariano presented his certificate for appeal. Meanwhile, Cherivitch was jailed pending filing of the appeal.

Selinsgrove Man Beaten And Robbed

Baltimore, July 22 (AP)—Francis Hane, 27-year-old farmer from Selinsgrove, Pa., was kidnapped, robbed and tossed out of his car on the waterfront early today.

Police cornered three men at pistol point ten minutes later and booked them as "suspected of assault and robbery." Hane was treated at Mercy hospital for a possible collar bone fracture and body bruises.

Lt. Thomas Monney said he told of coming to Baltimore on business, going to a movie, and curling up in the back seat on his car to sleep instead of driving back home last night.

About 2:30 a.m. three men woke him up. One had a knife. Two held him in the back seat, taking his keys, his wallet and \$16.50 from his pockets. The third man drove the car a few blocks from the downtown pier where Hane had parked and he was shoved out of the car while it was moving.

Youth Drowns In Vain Rescue Try

Reading, Pa., July 22 (AP)—Richard Broadman, 14, drowned in the Schuylkill river in an unsuccessful attempt to save his stepbrother, John Keichner, 9.

Neither youth was able to swim. The boys went down 15 feet from the bank about a quarter mile south of Stoudt's Ferry bridge last night. John Hill, a nephew, ran home sobbing that the boys drowned. State police and the Goodwill Fire company of Hyde Park was called.

Donald Gruber of Shoemakersville, a lifeguard at the Reading YMCA, recovered the bodies of the two boys. He was on his way home and volunteered his services.

BOY, 3, DROWNS

Lancaster, Pa., July 22 (AP)—Three-year-old Stephen Schelling drowned in the Conestoga River at nearby Oregon last night. He fell overboard while his mother shifted her position in a rowboat. Mrs. Schelling had been rowing. She decided to let a friend, 15-year-old Mary Farrell, use the oars. While they shifted seats little Stephen toppled out of the boat. His body has not been recovered.

MRS. ROOSEVELT IS CRITICIZED

New York, July 22 (AP)—Francis Cardinal Spellman today criticized Mrs. Franklin D. Roosevelt for her opposition to Federal funds for parochial and private schools.

In a letter to the former first lady, the Catholic prelate said "your record of anti-Catholicism stands for all to see—a record which you yourself wrote on the pages of history which cannot be recalled—documents of discrimination unworthy of an American mother."

The cardinal's attack was based on articles written by Mrs. Roosevelt in her column, "My Day."

Mrs. Roosevelt's secretary said at Hyde Park that the letter had not yet been received and that there would be no comment until after its arrival, if then. Cardinal Spellman made the letter public. He wrote that, after Mrs. Roosevelt's first column on the Barden bill June 23, he had intended ignoring it.

"But, as the days passed and in two subsequent columns you continued your anti-Catholic campaign, I became convinced that it was in the interest of all Americans and the cause of justice itself that your misstatements should be challenged in every quarter of our country where they have already spun and spread their web of prejudice," his letter said.
"I have received hundreds of messages from persons of all faiths demanding that I answer you. I am, therefore, not free to ignore you." Federal aid to education is one of the hottest issues now before Congress.

SUBSTITUTE SITTER SLAIN

Ogden, Utah, July 22 (AP)—Law officers today related how a pretty, teen-age baby sitter was unwittingly sent to her death by an act of friendship.

Sheriff Mac Wade said 17-year-old Shirley Gretzinger may have been killed by a sex maniac who tried to lure another baby sitter into his presence with the offer of a well-paying evening's work.

Wade said Miss Gretzinger accepted a job as baby sitter as a substitute for a friend.

The girl's nude body was found in a patch of brush in Riverdale, south of Ogden. She had been strangled with her blouse and brassiere, the sheriff reported.

Another Ogden girl, Lee Rogers, had placed an advertisement for a position as baby sitter in two newspapers. After she had accepted another assignment, she received a call from an unidentified man. Miss Rogers asked Miss Gretzinger if she would like to take the job.

Miss Gretzinger arranged to meet her supposed employer at a street corner near the main business section. She was to receive wages of \$1 an hour.

The victim was identified by her fiancé, George Middleton, 18, Ogden. He said he had planned to marry her next spring.

PALICA SAVES DODGERS; CARDS DEFEAT BOSTON

By JACK HAND

(Associated Press Sports Writer)

Erv Palica is hailed as "the new Casey" in Brooklyn where the hard-pressed Dodgers today open a vital four-game series with the St. Louis Cardinals.

Day after day Palica is waved from the bullpen to save the skin of a regular Brooklyn starter just like Hugh Casey used to do. Erv worked in seven of the last 11 Dodger games, winning four and losing one.

Ironically he copped his seventh victory of the season yesterday because Casey, the old Brooklyn fireman, now with Pittsburgh, failed to stop a Dodger uprising. Luis Olmo, who may be the prize of the returning Mexican jumpers, nicked Casey for a game-winning "pinch" single that supplied Brooklyn's 7-6 edge over the Pirates.

Casey wasn't charged with the loss. That went to Lefty Bill Werle, who had put the winning run on base. But it was Casey who dished up the game-clincher on his second relief pitch.

Dodgers Needed Victory

The Dodgers really needed that win over the Pirates because the Cardinal victory over Boston already was posted on the scoreboard in right center field. Now with a 2½ game lead, they can't lose first place unless they blow the whole series.

Harry Brecheen lifted the Cards over Boston, 3-1, with a five-hitter while the Birds handed Johnny Antonelli, the Braves \$70,000 bonus dandy, his fifth loss. Antonelli has been beaten by the Cards four times in his brief career.

Enfs Slaughter warmed up for Brooklyn with two singles and a double but Stan Musial went hitless in five trips.

Bobby Thomson led the New York Giants to their fourth straight win, three in a row over Cincinnati, with a pair of homers and a double. The Scot from Staten Island drove in six runs off Herm Wehmeier, Ed Erazo and Ewell Blackwell in the Giants' 9-5 triumph.

Walker Cooper, making his first appearance in the Polo grounds since he was sold to Cincinnati, homered with the bases loaded as the Reds routed Clint Hartung in a five-run third inning. Kirby Higbe, who pitched the rest of the game was credited with his first victory since coming to New York from Pittsburgh June 6.

Yanks Take Cleveland

Hank Borowy apparently making a career of beating Chicago since the Cubs traded him to the Phils, turned back his old mates for the fifth time, 8-4. Borowy was hit hard but weathered the storm for his ninth victory.

The New York Yankees took the rubber game of the Cleveland series, 5-3, stretching their American league lead to 5½ games on Vic Raschi's 15th victory.

Raschi, who has lost only three, scattered eight hits. It was the fourth straight time he had beaten the Tribe who have yet to beat him. Once again Joe DiMaggio was the big man, driving in two runs with a single that sparked a three-run rally against loser Early Wynn in the third.

The revived St. Louis Browns finally came to the end of their six-game winning streak in the second game of a two-light double-header with Philadelphia, but not until they had broken loose with an 11-run inning.

Big Sixth Inning

With Roy Sievers hitting a grand slam homer, the Browns scored 11 runs in the sixth inning of their 15-2 twilight decision over Dick Fowler. They were nosed out in the second game, 3-2, on Hank Majeski's game-winning triple in the eighth inning as Alex Kellner registered win No. 13.

Fourteen men went to bat in the big inning, a new high scoring total for the season in an American league game. Seven hits and five walks did the damage.

Detroit slammed out 14 hits, including homers by Pat Mullin, Dick Wakefield and George Vico, to whip Washington, 6-3. Freddie Hutchinson, relieving Ted Gray in the fourth, worked 5½ scoreless innings for his sixth victory. Rae Scarborough was the loser.

The Boston-Chicago game was rained out in the American league.

Interstate League

"Here today, gone tomorrow" should have been said of the Interstate league. The league lead changed hands again last night as the Harrisburg Senators defeated Lancaster 5-1.

Wilmington's Blue Rocks slipped into second place by downing York 7-5. The Rocks are only one percentage point behind Harrisburg. Allentown's Cardinals dropped from first to third, a half game off the Harrisburg pace, as they lost to Sunbury 5-3. Trenton and Hagerstown were not scheduled.

Lefty Piercy limited Lancaster to seven hits in winning his eighth for Harrisburg against four losses. Bob Lemon clouted his 18th homer in the first inning with a mate on board to give Piercy a two-run lead from the start.

Wilmington teed off for four runs in the first inning against York and added two more in the second as righthander Ken Olvesen went the distance for the Blue Rocks.

Softball Twin Bill Here Saturday Night

The first Saturday evening double-header of softball games on the recreation park field will be staged Saturday evening when the Moose and an all-star Community league team engages a team from West Chester State Teachers' college.

George Houck, Biglerville, a student at West Chester, selected the personnel of the college team and it includes Jack O'Donnell and Joe DeLorenzo, co-captains of this year's West Chester football team. A number of the players appeared here last year when they lost a 9-7 decision.

The Moose will face the collegians in the first game at 7:30 and in the nightcap a team of league all-stars, piloted by George Fair, will face the visitors.

All proceeds of the contests will be turned over toward paying the new lighting system installed at the local field.

WILLIAMS KO'S MEXICAN CHAMP

Los Angeles, July 22 (AP)—The championship dream of Mexico's Enrique Bolanos lay in shambles today broken to bits by the devastating fists of Deadpan Ike Williams, lightweight champion of the world.

Bolanos went down and out before a furious fusillade of punches in the fourth round of their scheduled 15 round clash last night at Wrigley Field. Some 18,999 spectators paid \$108,274 to see the ritual, a charity promotion. Williams weighed 135 pounds and Bolanos 133.

It was Enrique's third crack at the Trenton, N. J., negro and his third defeat at the hands of the 25-year-old champion.

This was not the same Williams who needed 15 rounds to win a split decision over Bolanos in May of last year. Nor was it the Williams who stopped the then green challenger in eight rounds in 1946.

Champion Ike, appearing stronger and faster than in their previous matches, started winging at the opening bell. He had the end in sight at the close of the third canto when Bolanos' left eye was shut tighter than a miser's purse from jolting right smashes.

Later, George Parnassus, Bolanos' manager, claimed his boy had been "thumbed" in the eye in the second round. But referee Jack Dempsey said he didn't see any foul play.

VFW vs. Texas Lunch, 6:30 p. m. Bream's Garage vs. Cola Rangers. Lentz Legion vs. Elks.

Stanton Legion and Cola Rangers may be at the end of the league standing, but both teams gave proof Thursday night that they can give better than good accounts for themselves.

Bill Carter hurled excellent ball to guide the Stanton Legionnaires to a 10 to 4 victory over the Elks, who are up in a three-way tie for third place.

The Cola Rangers at the same time handed the Moose a 12 to 10 defeat in the first of the two games they played Friday night. In the second game the Rangers were unable to get going against the second-place VFW and the veterans won 9 to 3.

Spectators who held out through the long evening of ball reported the Stanton Legion-Elks nightcap was well worth the wait, with the Stanton men reported as playing their best game in a long time.

SAYS GONZALES HAS TOUGH JOB

Haverford, Pa., July 22 (AP)—National Tennis Champion Richard (Pancho) Gonzales has his job cut out for him if he expects to land a berth on the defending Davis cup team.

Arlrick H. Man, non-playing captain of the defending U. S. Davis cup team, was the author of the statement yesterday as he watched Gonzales gain the semi-final round of the Pennsylvania State Tournament at the Merion Cricket club.

"Dick definitely will have to prove himself," said Man. "As things now stand, Ted Schroeder, Wimbledon champion, definitely will play in the singles. Gonzales will have to fight for a berth against Frankie Parker, Bill Talbot and Gardner Mulloy."

Gonzales eliminated his doubles partner, Hugh Stewart, 6-3, 7-5 in the Pennsylvania Tournament yesterday and qualified to meet fifth seeded Herb Flam, University of California at Los Angeles, today. The other semi-final will bring together Defending Champion Sam Match, University of San Francisco and second seeded Vic Seixas, Philadelphia.

Proximity Captures New Trot Record

Saratoga Springs, N. Y., July 22 (AP)—Proximity had another world's record tucked away today.

The seven-year-old mare trimmed three-fifths of a second from the world's two heat trotting record for a half mile track last night in winning the \$10,000 Arden free-for-all trot at Saratoga raceway.

The time was 4:05 1/5 for the two heats. Proximity set the previous record only two weeks ago at Goshen. Rodney, 1948 harness horse of the year, came in second in both heats.

The first heat time of 2:02 2/5 broke the track record of 2:03 held jointly by Titan Hanover and Proximity. Proximity is owned by Ralph and Gordon Verhurst of Victor. The victory was the 13th straight this season for the mare.

SOUTH PENN GAMES

County teams will be busy Sunday with full schedules listed for the South Penn league on that day.

Listed on the regular schedule for the South Penn league are Heidlersburg at Greentown, Hunterstown at Granite, Bendersville at Green Springs, Barlow at Wensville, Cash-town at Bonneauville and Brush-town at New Oxford.

Saturday's Games

York Springs at Orrtanna. Hanover at Conewago VFW (Ardenville).

Gettysburg at Bendersville (double header with first game at 1:30 p. m.). Emmitsburg at Fairfield.

Emmitsburg at Littlestown (night).

Fairfield moved into third place in the league standing and Littlestown jumped to fourth place as a result of Adams county league games played Thursday night.

At Ardenville, the Conewago VFW piled up six runs while holding Emmitsburg scoreless to better the veterans' hold on second place.

Playing under the lights at Littlestown before 500 fans, the Littlestown squad won 6 to 5. Littlestown pushed across its six runs in the first half of the game, getting three runs in the second and three more in the fourth to complete its scoring. New Oxford came within one run of tying the score when it secured two runs in the sixth to add to its previous three, but was unable to extend its rally.

Littlestown will meet Emmitsburg under the lights at Littlestown Saturday night at 9 o'clock. The game was postponed from Tuesday night when wet grounds prevented playing of the game. Gettysburg will journey to Bendersville Saturday afternoon for a double-header designed to take care of a regularly scheduled game and a postponed game. The dual tilt will start at 1:30 o'clock Saturday afternoon.

FIFTEEN YEARS AGO

Bream and Plank Buy Body Works: Bream and Plank, operating a used car market, announce that they have purchased the Vaughn Harbaugh top and body works and have moved the business to their garage, Buford avenue. Harbaugh has been retained as foreman of the shop.

At the same time it was announced that Paul Knox has been employed to conduct the radio and electrical repair department at the garage.

Joseph E. Sadler Married Saturday: Joseph E. Sadler, of Towson, Md., a son of Mr. and Mrs. Murray Sadler, Gettysburg, and Miss Marie A. Crouse, of Towson, were married Saturday evening at 8 o'clock in the rectory of St. Francis Xavier Catholic church by the Rev. Mark E. Stock.

The parents of the bridegroom were the attendants.

Councilmen Enjoy Outing: Councilman matters were forgotten when the Gettysburg "borough fathers" met at the summer home of Councilman John E. Newman on the Monocacy river, near Harney, Tuesday evening, for an outing.

Those present included Councilman Newman, C. Ray Rupp, J. B. Wineman, Emory C. Williams, Charles T. Jacobs, D. C. Stallsmith, Ross R. Myers, George Martin, LeRoy H. Winebrenner, Wilbur J. Stallsmith, Harold Newman and C. R. Wolff.

Dillinger Shot to Death: Chicago, July 23 (AP)—John Dillinger lay on a cold slab in the Cook county morgue today, slain by three bullets, fired by unnamed Federal operatives Sunday night after they had been tipped off by a woman.

The government got Dillinger Sunday night just as it promised to do.

It had him shot dead by 15 crack marksmen among its Department of Justice agents just as he stepped jauntily out of the Biograph theater on the north side of the city, with two women, ending the greatest manhunt of many years.

24 A. V. S. Boys Going On Cross Country Tour: Twenty-four boys, members of the department of agriculture at the Arendtsville vocational school, will leave early Thursday morning, July 26, on a 40-day trip which will take them across the continent and into Canada. They expect to return on Labor Day.

The tour is the sixth taken by groups of boys studying farming.

The boys in the party will be Norman Beamer, Harry Maring, Addison Durbow, John Deardoff, Crowell Bucher, Russell Kane, Walter Null, Willis Bean, Blaine Bushey, Woodrow Orner, Edward Cole, Arthur Deardoff, Richard Culp, Clifford Hartzell, John Lupp, John Miller, Paul Miller, Evers Rinehart, Kermit Oyler, William Allison, George Cole, Gerald Cole, George Weaver and Glenn Tuley.

Others in the party beside Professor Edwin A. Rice, and Doctor Frank Kramer will be Professor Ernest D. Schwartz, John Robles, David Rice, Harvey Spangler and Charles Macbeth.

Colored Couple Weds: Miss Muriel V. Penn, of Gettysburg, and Frank Harriel, a member of the C.C.C. camp on the battlefield, both colored, were married by C. F. Palmer, clerk of the courts, Saturday afternoon, after he issued the couple a license.

Charles Hartzell Wins Diamond Ring: With attendance estimated in excess of 1,000, the circus and rodeo staged on York street last week for the benefit of Gettysburg lodge of Elks, closed Saturday evening.

The Elks' share of the proceeds will be used to help finance the annual convention of the Pennsylvania State Elks' association here next week.

After the Saturday evening show, prizes of a diamond ring and two watches were awarded Charles K. Hartzell won the ring and the watches were won by Dr. J. McCrea.

Today's Talk

THE DICTIONARY
There are a few books that should be in every home. Among these few I would name as first, a copy of the Bible. Then every well regulated family usually has a good cook book, and perhaps a good book on health, with simple suggestions about the care of the body—man's greatest piece of machinery.

One of the most important books, however, in addition to the ones named, I would say should be a handy dictionary. I am never without one, wherever I write. Not only is it important to spell correctly, but to know the meanings of words. Words are our tools of expression. It is not necessary to use big words with two or more shaded meanings. The simplest are the best, but the ones with the most meaning, or which most people will understand, are the best ones to use.

The famous Dr. Samuel Johnson dictionary was an event, but reading it today gives one a smile, for it was a very crude attempt though important at the time. Then later in America came the now famous Webster's dictionary, which is a top book today, with its constant revisions. Others have produced valuable dictionaries, and the latest should be the best. There are many to be secured that are plenty large enough, and efficient enough to satisfy the most critical. The smaller ones are all right for spelling, but the more elaborate ones are best for meanings.

It is amazing how one can improve his conversation and his thinking by studying the dictionary. It is an interesting and instructive book just to take in hand and open anywhere to just run through the meanings of words that you may know, or that you have never heard of! I know of no more fascinating study than that of words, and the uses that you can put them to.

You can even put personality into words—and make them laugh, and sing. And how comforting you can often make them, when addressed to others—many people of whom you know nothing, or whom you may never meet. Words are wonderful messengers of hope and cheer. Many have become household words, when formed in some striking manner. Like that phrase of Patrick Henry's, for example: "Give me Liberty or give me Death." And every school boy could name a number of such phrases, formed with the simplest of words—but with life to them. Don't keep house without a good dictionary.

Tomorrow Mr. Adams will talk on the subject: "Others."

Just Folks

VACATION
Time to rest and play a bit
Away from shop and mill.
From toil and all the noise of it,
From press and lathe and drill;
A week or two where trees and streams
Have never known a crowd,
And time for thoughts and time for dreams
And quiet are allowed.

Away from all the screech and grind
Of traffic's endless flow,
To own at last the peace of mind
Which all men long to know;
Set free from every stress and strain
Which fill the busy day,
A little while at ease again
To drowse the hours away.

Afar from clocks which slumber break,
Proclaiming: "Time to rise!"
From grim commands employers make
And need for judgment wise,
Out of the year a week or two
Released from drive and thrust,
To do the things we want to do,
Instead of those we must.

TO OPEN BRIDGE

Hollidaysburg, July 22 (AP)—AUGUST 10 has been set for opening the new million dollar bridge across the Juniata river near Huntingdon, Pa.

George E. Nagde, state district highway engineer here, says the bridge—part of a seven-mile relocation job on the William Penn highway—is one of the largest projects ever undertaken in highway district 9. The bridge is 970 feet long, carries three traffic lanes and has two five-foot pedestrian walkways. Work started in March, 1948.

WIDOW SUES IN FATAL AIR CRASH

Reading, Pa., July 22 (AP)—Olga A. Keeney seeks \$150,975 in damages for the loss of her husband, Bernard B. Keeney, in a plane crash April 6, at Germansville, Lehigh county.

The suit was filed yesterday against the Reading Aviation Service, Inc.

Mrs. Keeney asks \$100,000 on behalf of herself and two small children for the loss of expected contributions which her husband might have made during his life. She also seeks \$50,000 for the present worth of her husband's probable earnings and \$975 for funeral expenses.

The suit charges the crash was caused by the negligence of Francis Hostetter, pilot of the plane employed by the Reading Aviation Service.

It relates the plane was chartered to transport Keeney, Mrs. Frank J. Bleckicki and her son, Kenny, a juvenile saxophonist and Daniel G. DeTurk, banjo player to Utica, N. Y., to compete in the Art Rooney Talent show.

The plane crashed on the return trip. Mrs. Bleckicki and Hostetter also were injured fatally.

RAIN BETTORS ASK INSURANCE

Waynesburg, Pa., July 22 (AP)—The fellows who like to wager it will rain July 29 are making inquiries with Lloyd's of London—they want insurance this year.

Lloyd's, which has a reputation of writing policies on most anything, would have these odds to go on; records for the past 72 years show that it's rained on every July 29 except five.

Attorney Johnny Daily, the town's official rainmaker, bets a hat each year. This year he's invited radio's Arthur Godfrey to take the dry side of the bet.

Daily, meanwhile, is awaiting a reply from Lloyd's. But he and his colleagues are going right ahead with plans for their "rain watch" which is quite a celebration in this little town. Rain-coats and umbrellas are the usual costume and there's always a pretty mist or two in a bathing suit—waiting for the rain, or the publicity that's certain—rain or no rain.

The "Rainmakers" haven't been having much luck in recent years; it didn't rain in 1936 and 1948. Other "dry" dates were 1880, 1930 and 1937.

This year Daily thinks chances are pretty good for rain. He has the St. Swithin's Day legend to back him up. According to legend, if it rains on July 15 there'll be 40 more days of rain, Waynesburg had quite a shower on July 15, and rain every day since.

EXPECT TAX RUSH
Harrisburg, July 22 (AP)—A rash of wage and per capita taxes may sweep state school districts in the wake of Federal housing projects, it was forecast today. The Pennsylvania Realtors association said in a statement that governmental projects "will force increased tax burdens on Commonwealth property owners, especially for educational purposes."

EDWIN P. YOUNG DIES
Towanda, Pa., July 22 (AP)—Edwin P. Young, former Bradford county district attorney and former president of the Pennsylvania School Directors' association, is dead at 78.

Young, who died yesterday, came to Towanda in 1911. For 15 years previous to that time he had practiced law in Pittsburgh.

About 800 pounds of finished steel per person are produced in America each year for domestic use.

PRAYERS OF CONFESSION

By Rev. Howard R. Gold, D.D.
Margaret C. Gold

Psalms 32:1-5; Ps. 51:1-2, 7-13
Memory selection: For thou, Lord, art good, and ready to forgive, and abundant in lovingkindness unto all them that call upon thee.

—Psalm 86:5
The blackest word in any language is sin. The consciousness of its presence is a grievous burden upon a sensitive soul. Relief from that burden is forgiveness and restored fellowship with God. These two experiences—guilt and forgiveness—are the themes of the two Psalms assigned for this lesson.

The devout Jew was keenly aware of the evil of sin and of the consequences of it. He also knew the way of relief. So we are not surprised to find seven penitential or confessing Psalms in the ancient Hebrew hymn book. Two of these, the 51st and the 32nd, constitute our lesson.

Confession
Prayers of Confession is the title of our study which places the heart of the whole matter before us. Sin is a breaking of God's law, an offense against him. Consequently, the cry for pardon, "Have mercy upon me, O God," naturally rises from the lips of the transgressor. It is a prayer uttered in humility, anguish and hope by one who knows that "a broken and a contrite heart" the Lord will hear with compassion.

Confession is "deep therapy" applied to the soul sick with transgression. It has undoubted value and is the first step in satisfying an accusing conscience. A sense of pardon follows which brings peace and actual joy. To obtain the full and lasting benefit of this therapeutic or healing treatment one must confess often, for, unfortunately one sins often in spite of his best endeavors not to sin.

We think here of the efficacy of confession in connection with transgression against God's law and will. The laying open of one's life to a trusted friend in other matters than the moral law is often the means toward less worry and better mental health. But that is another aspect of the value of confession.

The 51st Psalm
It is generally believed that David composed the 51st Psalm after the blackness of his sin with Bathsheba, and against her husband, had been shown to him by the bold prophet, Nathan. We can well believe that he was the author. He was a real poet, a good musician and essentially virtuous and devout. It would be characteristic of his nature to be penitent and pray: "Have mercy upon me, O God . . . wash me thoroughly from mine iniquity . . . create in me a clean heart." And we would expect him to promise his Lord that, having been cleansed, he would teach other "transgressors thy ways." If David did not write this Psalm, then likely another and later gifted singer

took the incident referred to as the subject for a psalm.

This prayer Psalm has been adopted by the Church as most fitting for confession. In whole or in part it has been included in many liturgies. It has brought relief to many distressed by their sins; it has provided them with the experience of joy in forgiveness. For all mankind is at times in need of pardon. A great preacher, Dr. Thomas Chalmers, said: "I am sure that of all the Psalms this one is the most applicable to me." Savonarola was taken from his cloister and cruelly treated. His left arm and shoulder were broken; the right arm and hand remained uninjured that he might write a confession of imputed guilt. Instead, however, he wrote his meditations on the 51st Psalm.

LIMITS TO U.S. BENEFACCTIONS ARE OUTLINED

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

Beverly Baxter, distinguished member of John Bull's Parliament, declared during an economic debate in the House of Commons he was "not at all certain that the third British empire will not see the return of the American continent."

"There is only one solution to the world's economic disaster which is approaching," said Mr. Baxter. "That is for the Americans and Canadians to find some way to come into the sterling economy, with free interchangeable currency, as this country, in the 19th century, went into America, after the Civil War, and

built up American economy."

Empires On The Wane
Well, now, that's a suggestion which makes us Yankees (and I dare say our Canadian neighbors) sit up and take notice. We are terribly allergic to anything which even slightly impinges on our sovereignty. Was the MP speaking politically or economically, or both?

From the political standpoint America of course isn't going to tear up her declaration of 1776. That was rather well implemented at the time—and it stands. Canada, too, has made it clear that she intends to go her sovereign way with no closer British tie than that of membership in the Commonwealth.

Much To Be Done
As a matter of fact, this column believes that empires, in the generally accepted sense of the term, are on their way out. We may have Commonwealths and other liberal forms of association, but empires—no.

However, we needn't labor this

Littlestown INTEREST HIGH AT PLAYGROUND

Clayton L. Evans, Littlestown playground director, reports continued interest in the playground activities. The major interest, at present, for the boys over eight years of age, is Midget Baseball. They have already played two games, both of which were won by Littlestown. Mr. Evans said that he is planning to have a Midget game as a preliminary to one of the town games next week.

Miss Mary Kay Crouse, who is in charge of the girls' activities, reports continued work on the plaster of Paris molds. She also announces that the girls over eight years of age are working on leather comb and pencil cases and also on two types of leather bookmarkers. The girls over 14 years have softball as their sport. A recent contest with Reese's team at Westminster was called on account of darkness with a tie score. Miss Crouse said that another game will be scheduled soon.

Tonight from 9 to 11:30 p. m., the fifth teen-age dance will be held in the Crouse park pavilion. The teenagers will dance again to recorded music. These dances are also part of the summer recreation program sponsored by the Littlestown board of education. They are also supervised by Mr. Evans.

INVITE PUBLIC TO CAMP PENN

Indianapolis Gap, Pa., July 22 (AP)—Pennsylvania's experiment in junior citizenship training—Camp Penn—will be put on public display next Sunday in a day-long demonstration.

The "Governor's Day" program had been planned before the two-week summer boys' camp opened, said Brig. Gen. Frank A. Weber, camp commander and adjutant general.

He said it had nothing to do with charges made Wednesday by Richard C. Vincent, of State College, that the camp "is more like a detention camp." Some 2,200 boys, who otherwise would not have the opportunity of going to camp, are enjoying a free outing at the state's expense.

The famed Pennsylvania State Police Rodeo, featuring fancy and trick horsemanship, will follow a physical education demonstration for the visitors on the camp parade grounds.

The boys' parents have been publicly invited to attend the program which includes the camp track and field championships in the morning and the camp title boxing matches at night.

Following the afternoon exercises, Gov. James H. Duff, who originated the camp idea, and all members of his cabinet and the county and district superintendents of schools will make a complete inspection of the Camp Penn area. Other governors also have been invited to pay a visit to the project, believed to be the first state-sponsored recreation camp in the nation.

PA. MEMBERS SOLID
Washington, July 22 (AP)—Pennsylvania Republican and Democratic members of the House all voted for acceptance of the Gore substitute for the administration's new farm bill. The measure carried yesterday, 239 to 170.

point, but assume that Mr. Baxter was thinking largely in terms of non-political association which would be of mutual advantage economically and in the way of military security. That is, an extension of the association which already exists and which the much debated Atlantic Pact would further strengthen in the defensive sense.

Certainly there is much to be done in the way of improving international relations. We may even be working toward the idealist's dream of "one world" in which a real United Nations will serve as a universal parliament. The United States has given full evidence that she wants to play her part in this transformation.

However, my observation is that it will be a mistake if foreign countries believe there is no limit to which the United States will go. We hope that we have given generously of our moral support and our material wealth. We expect to give more.

Valuable Curios Are Stolen From Museum

Philadelphia, July 22 (AP)—The University of Pennsylvania yesterday disclosed the theft of three 500-year-old Mexican ornaments valued at up to \$10,000 as collector's items.

The rare curios were taken from the university museum June 30. Dr. William H. DuBarry, executive vice president of the university, said a \$500 reward is being offered for information leading to the return of the pure cast gold ornaments which were made by either the Mixtecs or Aztecs before the Spanish conquest in 1500.

100 BATTLES ON LOCAL OPTION IN THIS STATE

Harrisburg, July 22 (AP)—Wets will battle drys in nearly 100 communities during the local option elections of September 13.

An estimated 100,000 people will be affected by the outcome of voting on the choice of whether liquor and beer should be sold in the localities. Temperance forces went into more than 80 wet boroughs and townships and succeeded in obtaining petitions to put the question on the municipal primary ballot.

Each Side Confident
"We are confident that at least 60 per cent of these will vote against liquor and beer," said the Rev. O. B. Poulson, Harrisburg, district superintendent of the Pennsylvania Temperance league.

On the other hand, J. Grant Peterson, Williamsport, president-elect of the Pennsylvania Retail Liquor Dealers association and chairman of the group's local option committee, said he anticipated "at least an even break."

"It looks to me that we may gain a few and lose a few," he said, "since we're not really going all-out this year."

Nearly Communities
The statement arose from a comparison of the current situation with more than 200 communities which held local option elections two years ago, including larger places like Uniontown, Conneville, Waynesburg, Huntingdon, Lewisburg and Indiana.

Larger cities voting on the wet-dry question this year are Butler and Hollidaysburg where Temperance groups are seeking to banish taprooms and clubs.

(No local option petitions were filed in Adams county but these nearby communities will have to decide the wet or dry question: Shipensburg, Hamilton and St. Thomas townships in Franklin county, Hopewell township, Shrewsbury and Dillsburg in York county.

Wheat Acreage To Be Reduced In '50

Washington, July 22 (AP)—The Department of Agriculture announced state acreage allotments yesterday under a 1950 wheat program setting the national planting goal at 68,944,099 acres.

The total is about 17 per cent less than the 83,173,000 acres planted for this year's crop. The allotment will be apportioned among cities and farmers under regulations set up in crop control legislation. Only those farmers planting within their allotments will be eligible for government price support aid.

The 1950 allotments and the 1949 acreages, respectively, included Pennsylvania 893,358 and 936,000.

BRIDE SUICIDES

Philadelphia, July 22 (AP)—A 25-year-old nurse, married less than a month, was found dead in the bathroom of her suburban Upper Darby home with two deep cuts in her throat. Her wrist was also slashed. Detective Norman Keeley of the Upper Darby police identified the woman as Mrs. Dorothea Dudkin. He said she apparently committed suicide. Keeley said jagged pieces of glass lay beside the body.

STATE'S CROPS BEING REVIVED

Pennsylvania's farm crops—hard hit by the June drought—are making a comeback, thanks to a "wet" July. Although there have been hot, dry days this month, the rainfall for the first portion of July has been above normal in some parts of the state.

A total of 6.48 inches of rain fell in the Harrisburg area in the first 21 days of July, almost five inches above normal.

In Pittsburgh, rainfall in the same period amounted to 3.06 inches, nearly two inches above normal. The Allegheny county farm agent said the rain arrived "just in time" to save many crops.

An improvement in the farm picture also has been noted in the Erie section, where 1.82 inches of rain has fallen.

Philadelphia has had considerable rainfall in the last two weeks. There the Weather Bureau has noted 5.77 inches compared with the normal 2.7 inches for the period.

By way of contrast, at Wilkes-

New State Dental Program Planned

Harrisburg, July 22 (AP)—The state health department will begin a new program during the next school term to improve the dental health of rural children.

Dr. Norris W. Vaux, state health secretary, said the project will consist of applications of sodium fluoride to the surface of the teeth enamel to cut decay.

"The effectiveness of locally applied sodium fluoride to the enamel of children's teeth has now been amply demonstrated by research and confirmed by extensive clinical experience," he stated.

He said the applications reduce dental decay 40 to 50 per cent. For the first year the project will be limited to the counties adjacent to Harrisburg and will cost about \$12,110, he added.

Barre only 1.98 inches of rain has fallen this month and farmers are worried about the future of their tomatoes, corn, wheat, barley and oats—all requiring more moisture to properly mature.

Striking London Dockers Vote To Return To Work; Port Crippled 25 Days

MASS MEETING VOTES DECISION TO END WALKOUT

London, July 22 (AP)—Striking dockers who have crippled the port of London for 25 days voted today to return to their jobs Monday.

The vote came at a huge mass meeting in Victoria Park, where the committee leading the walkout recommended that the men call it off.

A member of the strike committee told the men of the decision.

Strike Breaking Up

He said the decision had been reached after consultation with an official of the Canadian Seamen's union (CSU). The London walkout began as a sympathy move with the CSU, which had blacklisted two Canadian ships docked in London.

The committee member said the CSU now had agreed to "clear" the ships.

There had been signs earlier that the strike—denounced by the Labor government as Communist-inspired—was breaking up.

One group of workers had voted to remove a cargo of wheat from one of the Canadian ships. Another group of 1,000 strikers yesterday adopted a resolution expressing willingness to return to work if the main body of strikers voted to do so.

The government, which is operating the seized docks under a state of National emergency, meanwhile sent an additional 600 troops to handle cargoes today. That raised the total to 11,397 servicemen at work.

Home Secretary James Chuter Ede announced in Commons this morning that two Americans and a Dutchman who arrived in London by plane last night in connection with the strike would be deported for the "public good."

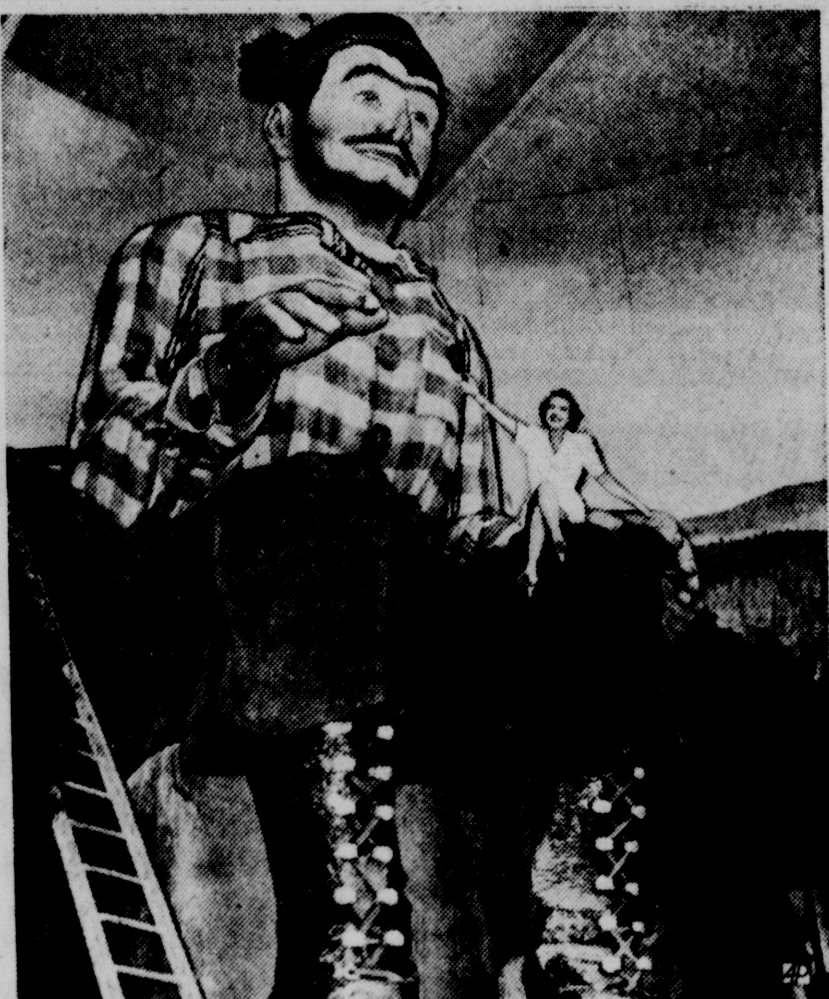

Deportation Best

He identified the Americans as Louis Goldblatt and John Maletta. He added that "after satisfying myself their visit here was concerned with the dispute at the London docks, I decided it was conducive to the public good they should be deported."

Ede said the men, who came here from France, had been picked up by police shortly after midnight.

The Communist-dominated World Federation of Trade unions recently held a dockers' and seamen's conference at Marseilles.

Canadians estimate their country has 1,290,260 square miles of forested area.

MOSCOW RADIO SAYS VATICAN IS AIDING WEST

London, July 22 (AP)—The Moscow radio charged today that Roman Catholic excommunication of Communists was a Vatican contribution to "the cold war that Anglo-American reactionaries are waging against the camp of peace and democracy."

It said the ban was intended "to split the united front of people fighting for peace against the Anglo-American war-mongers," and added that it was bound to fail.

The English-language broadcast by Commentator Boris Isakov was the first public Russian reaction to the excommunication decree of July 13.

"Camp of Peace"

Isakov declared that by the decree "all the enormous ramified propaganda machinery of the Catholic church is placed at the service of the 'cold war' that Anglo-American reactionaries are waging against

the camp of peace and democracy.

The July 13 decree is actually one more Vatican contribution to this 'cold war.'

"The camp of peace and democracy" is a favorite Russian term for the Soviet Union and its satellites.

The broadcast accused Catholic clergy of "preying on the religious traditions and feelings of many plain people in an attempt to disarm them morally—to weaken their will to resist the danger of a fresh aggression which is threatening the world."

Doomed To Fail

"But this maneuver is doomed to failure," the Moscow radio said. "The broad masses of the people have come to see very clearly that they can uphold peace only by drawing closer to each other; only through a staunch fight waged by a united front of working people irrespective of their religious convictions."

"Nobody will be able to split this unity," the broadcast said.

It said the reason the pope issued the ban on Communism "lies in the successful peace movement and the number of Catholic laymen and even priests taking part in it."

STATE CABINS ARE POPULAR FOR VACATIONS

Harrisburg, July 22 (AP)—Vacations in Penn's woods are increasingly popular in Pennsylvania.

The Forests and Waters Department said today it has waiting lists for families who want to spend a week in one of the 168 cabins the commonwealth has at a dozen state parks in the forests.

"The only chance of getting in now is if there should be a last-minute cancellation," a spokesman explained.

The cabins are one, two and three-room structures and are usually rented for a week at a time. They are located near recreational areas in the state parks and the leasing is handled by park managers. The season runs from Memorial to Labor Day each year.

Persons seeking the accommodations for next summer can start applying next January 1.

"We hope in the near future to increase the number of cabins but right now the emphasis is on the development of the parks for the general public," the spokesman explained. "We are building up the picnic grounds, day use areas and bathing beaches first."

James N. Morton, chief of the division of management in the Bureau of Forests, said the state is also receiving many inquiries about leasing cabin sites in state forests, approximately 3,500 of these leases are now in force.

Under them, you pay from \$15 a

year up for a selected spot in a state forest on which to build a cabin that meets minimum state standards.

Morton said the department discourages the "elaborate, fancy and expensive cabins" but it won't permit the building of any shanties.

"You can't go out and put up something with packing boxes and tarpaper," he said.

The cabin sites, which are picked with the aid of district foresters, are leased on a 10-year basis, at the end of 10 years, lessees have the right to renew the lease for another 10 years. In addition to the annual rental, there is an initial \$5 survey fee.

READING MAKES GAMBLING DRIVE

Reading, Pa., July 22 (AP)—Mayor John P. Davis says gambling is being rigidly suppressed in Reading.

Davis appeared yesterday as a voluntary witness before three judges who fined six club officials \$250 each and placed them on probation on gambling charges.

Mayor Davis, who was accompanied to court by Police Chief William P. Birney and City Solicitor C. Wilson Austin, said he has not received a gambling complaint in four months.

District Attorney John Ruth told

the court that special police details have cleaned up carnivals, punch board operations and other forms of gambling in the county.

"Personally," Ruth said, "I think that rural Berks is in good shape. I have been in conference with officials at Harrisburg, including the commissioner of state police, and they are cooperating."

VETS TO MEET

Lebanon, Pa., July 22 (AP)—More than 700 delegates are expected to attend the society of the 28th division's 19th annual convention and reunion here August 4-7. The sessions will close with a banquet, Saturday, August 7, at which Maj. Gen. James M. Gavin, wartime commander of the 82nd airborne division, will speak.

GEN. VAUGHAN IN SPOTLIGHT MOST OF TIME

Washington, July 22 (AP)—There have been military aides to the President since the days of George Washington but few, if any, have been in a spotlight such as that now shining on Maj. Gen. Harry Vaughan.

Willingly or unwillingly, Vaughan has made America military-aide conscious.

Some of his statements have caused amusement. Others have prompted Republican suggestions that President Truman invite his old pal and army mate out of the White House.

What Authority

For example, when he was asked who financed his vacation trip to Guatemala, he replied testily: "That is nobody's --- business and you can quote me."

He added that he paid his own way, and then landed into the Washington furor over "five percenters" by telling another questioner that he knew 300 people here who are active in contract operations.

The question has come up as to what power or authority a military aide has.

The answer, say White House and national defense sources, is that an armed services aide has only such powers as the President may care to delegate to him. He has no inherent powers or authority. And the powers the President grants him may vary with each assignment.

Of Equal Rank

The three positions of aides to the President—military, naval and air force—are established by tradition, not by statute. The idea goes back to the days of George Washington, but it wasn't until the early part of this century that aides became the prominent members of the President's entourage that they are today.

Last February Vaughan announced his promotion to "chief aide." A few hours later the White House said there seemed to have been some misapprehension, that the three aides are of equal rank.

They are assigned to their positions by their respective departments, although no one would be so assigned if the President didn't want him.

They serve in something of the capacity of liaison officers between the President and their respective services, though strictly they are not liaison officers.

Don't Last Long

The accompany the President virtually everywhere he goes. They assist or represent him at the laying of a wreath on a tomb. They are present at White House social functions to receive and introduce guests. They carry out special assignments, as the President may wish.

President Truman's naval aide is Rear Admiral Robert L. Dennison. His air force aide is Brig. Gen. Robert B. Landry.

There are others, known as White House aides. These are young armed services bachelors who are assigned to the White House in conjunction with other duties. Their job at the executive mansion is purely social, such as being in attendance at White House receptions and dances. Their number varies with the size of the occasion.

"But they don't last long," a White House spokesman said. "Being bachelors, and usually good looking, they soon depart into matrimony."

NEW DRIVE ON UNTAXED FAGS

Philadelphia, July 22 (AP)—The Pennsylvania Department of Revenue is planning to post special agents along the state lines to prevent the importation of untaxed cigarettes.

W. H. Beachy, deputy Secretary in the Revenue Department, said yesterday the special agents would be detailed to guard all roads leading into Pennsylvania from Delaware, West Virginia and Maryland.

A 1947 Pennsylvania law makes it illegal to bring across the state line 200 or more cigarettes on which the Pennsylvania tax of four cents has not been paid.

Beachy said before Delaware recently imposed a two-cent tax on cigarettes, the biggest traffic in "bootleg" cigarettes was from that state.

Since enactment of the Delaware tax, Beachy said, many "fly-by-night" dealers have moved to points along the Pennsylvania-Maryland line. Maryland and West Virginia do not have any state tax on cigarettes.

CHURCHILL TO DELIVER NEW BLAST AT LABOR

By WILLIAM N. OATIS

London, July 22 (AP)—Winston Churchill—fresh from a clash with Foreign Secretary Ernest Bevin—is reading a new blast at the Labor government.

The wartime prime minister, now leader of the conservative opposition, will make a major speech on general policy tomorrow before an expected 50,000 listeners at Wolverhampton.

The speech is timed to coincide with a Tory statement of policy looking forward to the 1950 election. Churchill's secretary acknowledged this week that the speech would be an important one, but declined to give details. Some wondered whether it would be the opening gun of the election campaign.

Churchill has been warming up

for the campaign for several months with sharp blasts at the Labor regime.

Tangled Yesterday

Last May, in an assault on the government's policies, the former prime minister charged that the logical end of British Socialism is a Communist-like state.

Churchill and Bevin tangled yesterday during a foreign policy debate in the House of Commons. Both wound up voicing misgivings about President Roosevelt's policy of unconditional surrender toward Germany.

Bevin first raised the point.

Churchill charged that he did so with a view to throwing some "invincible burden on me personally." Bevin, whose health is poor, is expected to leave with his wife tonight for a two-week rest at the French lake resort of Evian.

Both he and Churchill are to attend the first meeting of the council of Europe at Strasbourg on August 8.

A four-mile railroad near Quincy, Mass., had the first iron rails, in the form of thin strap on top of wooden rails.

Toronto residents think their Yonge St. is the longest street in the world. It continues as Ontario highway No. 11 for 886 miles.

The per capita output of steel in the United States in 1947 was roughly eight times the average for the entire world.

ATLANTIC PACT IS SIGN UN HAS FAILED TO WORK

By JAMES MARLOW
Washington, July 22 (AP)—This is a melancholy story.

It's the tale of millions of people who marched up a hill, full of hope, shaking hands, and now are marching down again, grim, armed, wary of ambush.

None can see far enough ahead to know whether he will emerge at last in a sunlit plain or lose his way in a dark forest, beset by tigers.

The story can be told in three

stages of the march: the United Nations; the spread of Communism and the Truman doctrine; and the Atlantic Pact.

The summer of 1945 was a time of great rejoicing for most of the world. The war was ending. People were talking of a plan—the United Nations—to keep peace maybe forever.

Everywhere the air was full of noble speeches. On July 28, 1945 the U. S. Senate approved the U. N. charter. Russia joined. Britain. France. The others.

The charter opened with: "We the people of the United Nations, determined to save succeeding generations from the scourge of war... To live together in peace... To unite our strength to maintain international peace and security..."

It was a mountain peak in human experience. Man's whole history had been a brutal climb up the jagged slopes to reach that high. It was fine, but it didn't work.

In two years men were trudging down the slopes again. Communism was spreading, chewing up Europe. The west grew nervous, protested, got grim, slowly through its teeth began to say "go no further."

And on March 12, 1947 President Truman frankly told Russia to halt. He went before Congress and asked and got money to help Greece and Turkey arm to stop Communism.

Greece and Turkey held off Com-

munist but things got worse elsewhere. Communism held its gains, pushed a little more, and on Feb. 25, 1948 swallowed Czechoslovakia.

The Russians and the west could not agree on Germany. The Russians blockaded Berlin. The tension grew. Backed by us, the western nations decided to stand together, not to be overrun or crushed without a struggle.

To make that agreement all legal and binding, the U. S. Senate yesterday approved our joining the Atlantic Pact. It pledges us to go to the defense of western Europe if Russia attacks.

So four years, lacking a week, after the Senate had approved our joining the U. N., the world is split into two camps, glaring at each other, the opening words of the pact say: "The parties to this treaty reaffirm their faith in the purposes and principles of the charter of the United Nations..."

Nice words. Pious. Written by statesmen. But if the U. N. hadn't failed, there'd be no pact today and no need for it.

The next step is getting western Europe armed, just in case. After that? No one can see that far. The woods are dark and full of strange terrors that no man likes to think of.

More Votes Than Voters; Result Void

Rome, July 22 (AP)—A Chamber of Deputies ballot on ratification of the North Atlantic Pact was nullified early Thursday when the votes outnumbered the voters.

Giovanni Gronchi, president of the Chamber, announced 546 ballots cast, whereas actually only 469 deputies voted. The invalidated vote showed 338 for approval and 208 against the pact.

Gronchi said a new vote would be taken today. He said he hoped the cancelled vote was "an error," caused by the fact that deputies were casting ballots simultaneously for two minor laws.

Italian Foreign Minister Carlo Sforza told the Chamber earlier he was "astounded" by Russia's note protesting ratification of the pact. He said it was "almost a complete duplicate" of the Russian note sent to the 12 Atlantic Pact ministers in Washington last April. The ministers, he added, replied the pact was not an aggressive alliance.

BARN REBUILT BY NEIGHBORS

New Holland, Pa., July 22 (AP)—A barn destroyed by fire three weeks ago was re-built Thursday almost as fast as it burned down.

Nearly 300 neighbors of the barn's owner helped replace the structure that was gutted July 1.

Work on re-building the 46 by 90 foot barn began Wednesday in this eastern Pennsylvania rural community near Lancaster. It was completed Thursday. Total time consumed: About 20 hours.

Approximately 50 women set up tables in a nearby field and fed the workers—most of them farmers, themselves—in shifts. Most came to the building scene in horse-drawn buggies and bicycles.

The barn is owned by Daniel Nolt. It is used by Isaac Hoover who rents Nolt's farm property.

The workers set up an assembly line system to complete the structure. They swarmed all over the big building. One man commented: "We put the barn up nearly as fast as it burned down."

The July 1 blaze also destroyed a large quantity of hay and wheat and expensive farm implements and machinery. Total damage was estimated at \$25,000.

The Tom Thumb, first American-built steam locomotive for passengers, made its initial run at Baltimore in August, 1830.

Eagles And Foundry Capture Contests

There was a softball double-header on Thursday night in Littlestown, when the Eagles defeated Redeemer's by a score of 11 to 8, and the Foundry defeated Harry's by a score of 4 to 3.

Monday night there will also be a double-header when Harry's will play Crouse's and the Eagles will play the Foundry. The latter game is a play-off.

LIONS SHOWN PAIR OF FILMS

Harry T. Harner, retiring president, and John F. Feaser, the new president, were in charge of the semi-monthly meeting of the Littlestown Lions club, held Thursday evening in Bankert's Littlestown restaurant. Wilbur Opdyke, Jr., a member of the Brewster, N. Y., Lions club, was a visitor. Mr. Opdyke and family are spending several weeks' vacation in Littlestown with Mrs. Opdyke's mother.

The program consisted of two motion pictures, "The Curiosity Shop" which was the story of aluminum and "My Kentucky Home," which was the story of Stephen Foster's song by the same title.

The club is selling Booker T. Washington memorial half dollars for \$1 each. Proceeds from the sale of these coins will be used in the establishment of an industrial training program for negro youth at Booker T. Washington's birthplace in Virginia. They may be obtained from any member of the club. Forty-five members were in attendance at this meeting.

Out-door meetings will be held in August. The next meeting will be held Thursday, August 4, at a place to be announced later. This meeting will be in charge of the attendance committee consisting of Erwin A. Robert, chairman, L. U. Collins and Ralph A. White.

Clinton R. Wintroe At Dealers' Meeting

Clinton R. Wintroe, local Buick dealer, went to Washington today, to attend a preview of the new Buick special model which will be introduced to the public in August.

Some 73 dealers from the Washington zone are attending this all-day session which is being held at the Mayflower hotel.

The special is Buick's lowest-priced model and is completely redesigned. It has been eagerly awaited by the industry since the former model went out of production last December.

N. D. Kelley, zone manager, presided and, with his staff, relayed to dealers technical and descriptive data on the special which they obtained during a field sales organization convention in Flint, Mich., July 11-13. Talks on films were presented

Visit Ill Veteran At Valley Forge

The Rev. and Mrs. Kenneth D. James and son, Kenneth, West King street, visited David Clouser of Hanover on Wednesday at the Valley Forge General hospital, Phoenixville, Pa. Mr. Clouser, who is a member of St. John's Lutheran church, Littlestown, has been seriously ill for several months. He was formerly at the Veterans' Administration hospital, Wilmington, Del., but due to the serious nature of his

illness, was moved recently to the Phoenixville hospital. He will undergo a major operation next week. Mrs. Clouser was summoned to his bedside over the week-end. She returned home on Wednesday evening with the Rev. Mr. James and family.

Why Take The Hard Way?

Why pay bills the hard way with cash—and by making special trips to several offices each month? Mail checks and get the job done in a few minutes. Checks are especially convenient for remittances to any distant place.

Less trouble, less time, fewer disputes, greater safety, and records for your protection. Never any need to pay the same bill twice. Checks are proof of payment. No need to rely on memory. No danger of loss as when you carry cash.

Pay the easy way. Use checks. Your account is invited.

The K-F TRAVELER!

SOMETHING NEW in the automobile industry is the "Traveler," a lower-priced '49 multi-purpose sedan being introduced by Kaiser-Frazer dealers. To all appearances it is a conventional four-door model. But the rear seat cushions fold away and the entire back opens to provide access to more than 130 cubic feet of cargo space. When not in use as a carry-all, the "Traveler" is a deluxe, six-passenger family sedan. The cutaway-view shows how the seat cushions and hinged rear panels function.

Dearborn SPRING TOOTH HARROW

You don't have to carry this harrow on a wagon or drag it to the field. It can be attached to the Ford Tractor in a minute or less. Lift the harrow by Ford Tractor Hydraulic Touch Control and drive away fast.

Touch Control raises the harrow for turns, protecting grassed waterways, clearing trash, or backing into corners. The three-section model shown above can be converted into a two-section by means of a two-section drawbar.
